

WORKING WITH NUVENTA

YOUR PRODUCTS, OUR EXPERTISE

THE OFFER

Nuventa Solutions provides proven New Zealand dairy base formulations, cow, sheep or goat milk protein, backed by the security of supply through our trusted NZ dairy and ingredient manufacturer network. You bring the market knowledge, regulatory requirements, consumer positioning, price point and we tailor the formulation to fit. Your brand, your product, our expertise and the supply behind it.

THE BASE PLATFORM

Two elements are fixed - the New Zealand dairy base and the manufacturing security behind it. Everything else is a starting point, adjusted to your market's regulatory requirements and consumer demands.

FIXED — BASE	New Zealand dairy protein base — cow, sheep or goat milk, matched to your market's requirements.
FIXED — SUPPLY	Manufactured through Nuventa Solutions trusted New Zealand dairy network — consistent, traceable, security of supply.
TAILORABLE — FUNCTIONAL & ACTIVES	A range of functional ingredients such as fibre, collagen, vitamins and minerals sourced to match consumer health and wellness trends.
TAILORABLE — SWEETENER/FLAVOUR	Flavour and/or sweetener systems designed to meet your consumers preferences.
TAILORABLE — FORMAT	Available in a range of tin and sachet formats, tailored to your brand and market presentation.

SECURITY OF SUPPLY

Nuventa Solutions works with a trusted network of New Zealand dairy and ingredient suppliers alongside our trusted manufacturing partners. This ensures consistent batch to batch quality, traceability, and uninterrupted supply as standard.

WHAT WE NEED FROM YOU

- Your brand positioning and target audience
- The desired product benefits, ingredients and claims
- The product's required appearance, flavour profile, and performance characteristics
- Regulatory and compliance requirements
- Preferred format, pack size and price point

HOW THIS WORKS WITH NUVENTA

Nuventa Solutions provides the base formulation, you tailor and brand it. Faster to shelf than a blank brief, with your regulatory requirements built in from the start and NZ dairy security of supply behind every batch.
